

EFFORTLESS AUTOMATION: Gripping, Lifting & Moving Solutions with Piab

Wainbee offers Piab's advanced automation solutions for gripping, lifting, and moving, backed by over 70 years of innovation. Piab's focus on resource optimization and safety enhances productivity and sustainability across industries like Packaging, Food & Beverage, Pharmaceuticals, Chemicals, Logistics, Plastics, and Automotive, helping redefine industrial automation.

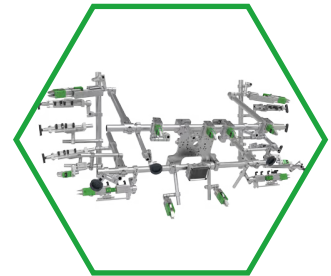

Vacuum Pumps & Ejectors

COAX® vacuum pumps offer 3x the flow, faster cycles, & energy efficiency in various setups.

Suction Cups & Grippers

Suction cups and soft grippers offer versatile, tailored solutions for food handling, electronics, & labeling.

Robot End Of Arm Tooling (EOAT)

Modular components and End of Arm Tools for palletizing, with ISO-9409-1 compatibility.

Robot & Cobot Gripping

Ergonomic tools and components for palletizing and plastic applications, optimized for performance.

System & Solution Accessories

Reliable vacuum monitoring units with high-quality components for efficient, cost-effective control.

Vacuum Conveyors for Bulk

Vacuum conveying systems handle bulk solids with minimal loss and consistent quality.
